01 (20) Laois County Council

“That this Council calls on the Minister for Communications, Climate Action & Environment, Mr. Richard Bruton, T.D. to stop the rollout of 5G Fifth Generation Cellular Technology across the Country – we as a Council and public representatives have a moral and ethical responsibility to protect the health and wellbeing of our citizens – there is a reason why insurance companies will not insure 5G – this needs to be investigated further by an independent company with no prospect of financial gain.”

02 (20) Waterford City & County Council

“That Waterford City and County Council in keeping with the objective of making Waterford a fair employment area agrees with and endorses the right of all employees to be represented individually and/or collectively by a trade union if they so wish. We would expect and encourage all employers and their representative organisations in Waterford City/County to fully recognise this basic fundamental human right and so not intimidate, harass or threaten the continued employment of those exercising this right.”

03 (20) Monaghan County Council

“Monaghan County Council calls on the Minister for Communications, Climate Action and the Environment, Richard Bruton TD and Minister for Finance, Paschal Donohoe TD:

Legislate for a deposit return scheme to be introduced on recyclable packaging.
Ensure that all local authorities in the state be funded to provide a climate action officer to incorporate energy efficiency in all aspects of Council work.
Introduce a carbon tax on aviation fuel.”

04 (20) Kerry County Council

“That this Council calls on the Minister for Business, Enterprise and Innovation to remove the cap on County Enterprise Boards which prevents them from dealing with enterprise that have more than ten employees and that this motion will be circulated to all Local Authorities in the country.”
